life support systems (eolss) summary international relations is a vague and widely used term with two main
meanings. **labor relations - wikipedia** - labor relations is a field of study that can have different meanings
depending on the context in which it is used. in an international context, it is a subfield of labor history that
studies the human relations with regard to work - in its broadest sense - and how this connects to questions of
social inequality explicitly encompasses unregulated, historical, and non-western forms of labor.
