4.2.5 territorial management **the development of international relations** - unesco - eolss sample chapters  
international relations - vol.i - the development of international relations - torbjørn l. knutsen ©encyclopedia of  
life support systems (eolss) summary international relations is a vague and widely used term with two main  
meanings. **labor relations - wikipedia** - labor relations is a field of study that can have different meanings  
depending on the context in which it is used. in an international context, it is a subfield of labor history that  
studies the human relations with regard to work - in its broadest sense - and how this connects to questions of  
social inequality explicitly encompasses unregulated, historical, and non-western forms of labor.
